STRANGER HERE MYSELF

Classical & Cabaret

Retracing the pathways etched into memory by love (quelquefois confusingly and, perhaps, amusingly amoureuse), devotion (at times grossly misplaced), adoration (frequently bordering on the inexplicably addictive). ...in the name of the eternally questionable ways of that seductive organ called the heart.

Eclectic selection of compositions by Weill, Satie, Schoenberg, Poulenc, Hahn, Duparc, et al.
